# ALL IN ONE CUTTING COMPOUND

## TECHNICAL INFORMATION

### DESCRIPTION

Zeltron All-in-One Cutting compound is a highly effective polishing compound for use in automotive, marine and aviation.

It is an easy to use powerful abrasive liquid compound that enables virtually all paint defect rectification work to be carried out with ease. The compound glides over the surface removing P1200 sanding marks and the requirement for the process of P2000 discs.

Offers your vehicles an intense high-gloss appearance.

Cutting compounds guarantees fast and easy polishing jobs leaving an excellent finish reducing production time and product cost.

### HIGHLIGHT

- Fast cutting performance
- Ultra-high solid content
- High gloss finish
- All in one cut & gloss product
- Product usage reduction/ Cost saving
- Silicone free
- Quick and easy clean up
- Can be used with or without water
- Can be applied by hand or machine

|                    |                     |
|--------------------|---------------------|
| <b>State</b>       | Thick liquid        |
| <b>Colour</b>      | White               |
| <b>Viscosity</b>   | 30,000 - 50,000 cps |
| <b>pH</b>          | 7.0 - 9.0           |
| <b>Flash point</b> | >62°C               |
| <b>Mineral</b>     | Aluminium oxide     |

## INSTRUCTIONS FOR USE

Zeltron All-in-One is recommended to be used with an electric or air driven polishing machine

Ensure to shake the bottle well before use.

Apply the compound to the machine pad as well as the bodywork so as to wet the surface.

Ensure even medium pressure to remove scratches on hardened paints, use lighter pressure on fresh or soft paints.

Polish the surface until the compound starts to dry then lessen the pressure, water can be used at this stage if required.

Continue gently to remove the remainder of the compound to the gloss level required.

When complete, use a micro cloth to wipe off the excess compound.

## STORAGE INSTRUCTIONS

Store in cool, dry place. Once open use within 24 months. Keep out of reach of children. Do not ingest.
